How To Effectively Engage Learners in Zoom

Facilitated by Dr. Erika D. Tate for Step Up Savannah

Learning Intention: To demonstrate and discuss Zoom features that can support you to effectively engage learners during virtual instruction.

Success Criteria: I can strategically select Zoom features (views, reactions, chat, share screen, polls, breakout rooms) to increase learner engagement during virtual instruction.

Strategically suggest switching between Speaker and Gallery views.

Encourage non-verbal communication.

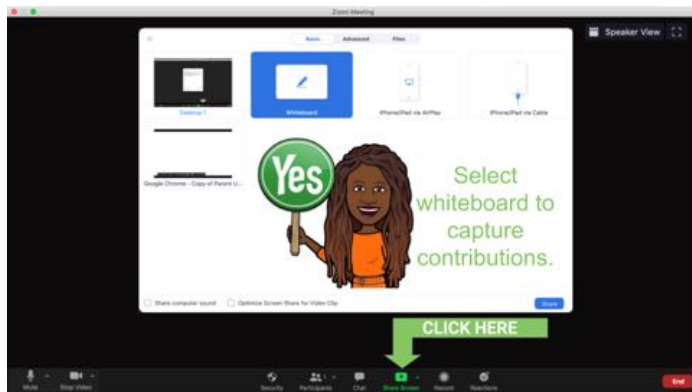

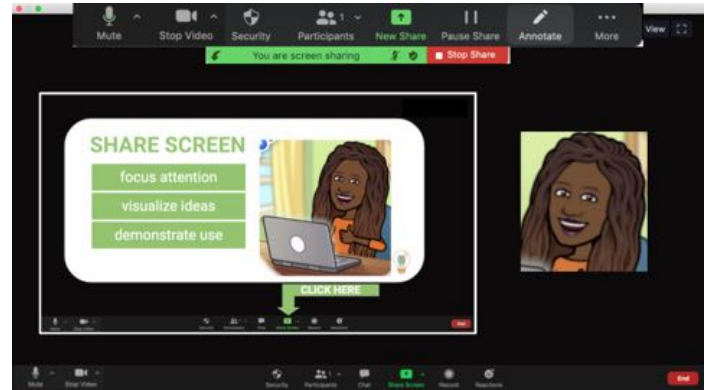

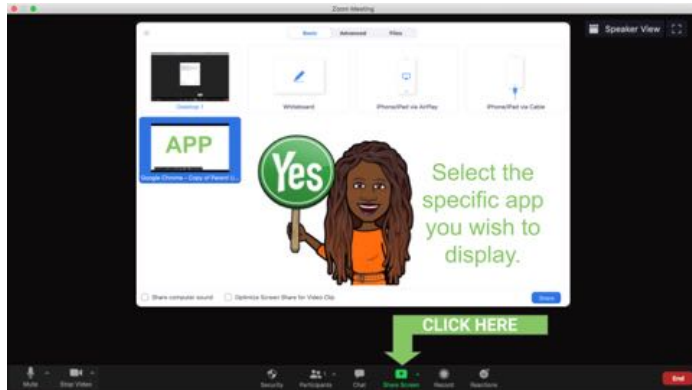

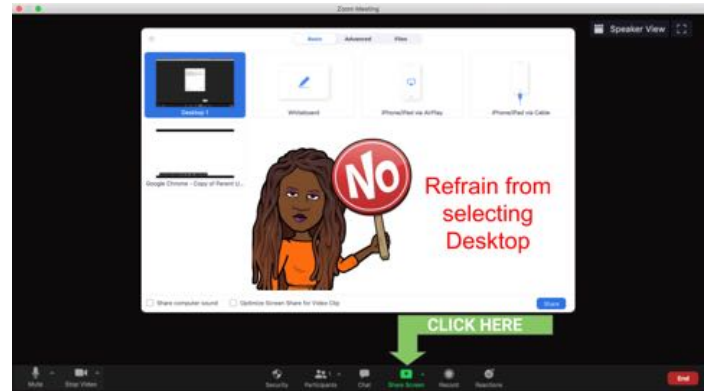

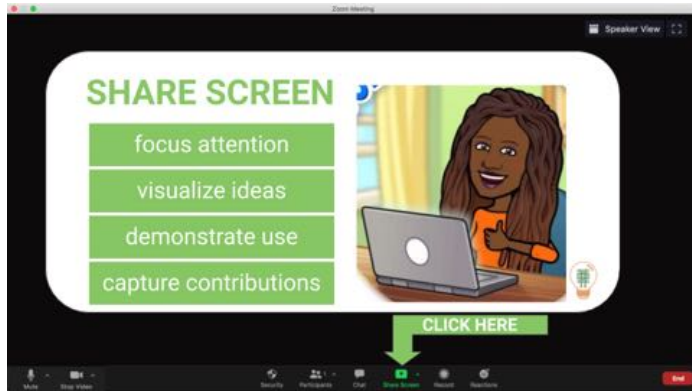

Engage learners using the chat feature.
